ESMART POLICY

Rationale

Corpus Christi School recognises the importance of digital technologies as an integral part of developing students’ into responsible citizens who demonstrate ethical behaviour when using online and digital technologies.

Corpus Christi School uses the Internet and digital technologies as a learning tool to improve student learning outcomes, by increasing access to worldwide information and platforms to foster the skills required to be successful in a world where technology is ubiquitous.

Our school embraces the benefits of technology and is committed to reducing students’ exposure to cyber risks. Within this context, the objective of this policy is to ensure smart, safe and responsible use of digital technologies and Internet within our school community.

This policy should be read in conjunction with Corpus Christi School’s Responsible Use Agreement for users in Foundation to Year 6 and the Wellbeing policy.

Definitions

Bullying is when a person or group of people deliberately upset another person, hurts another person; damages another person’s property, reputation or social acceptance on more than one occasion.

Cyber bullying is when someone is tormented, threatened, harassed, humiliated, embarrassed, or otherwise targeted by another person or persons using the Internet, digital technologies (for example: mobile phones or tablets), social media or social networking sites such as Facebook and Twitter, or any other type of digital technology.

Cyber Safety is the act of taking precautions to protect and maintain anonymity of your own and/or another person’s security and wellbeing when connecting and interacting with people in an online environment.

Digital Citizenship is a set of skills and behaviours required to be a successful learner, confident individual and effective contributor in today’s digital age.

Digital Literacy is the knowledge, skills and behaviours required to use a broad range of digital devices to critically navigate, evaluate and create information and develop new social and economic opportunities for oneself and others in the community.

Digital Technologies are electronic devices, systems and resources that generate, store or process data. In this document it includes, but is not limited to, computer workstations, notebooks, cameras, smart phones, tablets, video and audio players/recorders, social media and networking sites and cloud solutions.

Adopted in December 2016; due for review Dec2017
**eSmart** means knowing how to guard against security and privacy risks online, download content in a legal and ethical way, research and reference information, as well as manage reputation and relationships in cyberspace (The Alannah and Madeline Foundation).

**Social Media** is computer-mediated services that are used as a means of supporting interactions among people and organisations in which they create, share and exchange information and ideas (for example: Twitter, Facebook, Tumblr, Snapchat).

**Aim**

This policy aims to:

- Provide a safe, secure and caring learning environment
- Develop safe practices for the use of the Internet and digital technologies for learning
- Establish transparent expectations for students, teachers and the community when using the Internet and Digital Technologies
- Assist students and members of the school community to differentiate between bullying and inappropriate social interactions
- Foster social responsibly in all students so that they report inappropriate behaviour towards others rather than act as bystanders
- Recognise that explicitly teaching students about safe and responsible eSmart behaviour is essential in the lives of students and is best taught in partnership between home and school.

**Implementation**

- Corpus Christi School’s Responsible Use Agreement is discussed with students and parents
- All students in Years Prep to 6 have signed a copy of the Responsible Use Agreement
- Members of staff use Digital Technologies and Internet in accordance with school policy
- Protocols for safe, respectful and responsible use of technology are present and clearly visible in all Learning Spaces
- A copy of all school ICT and eSmart policies are displayed on the school website
- Breaches of Responsible Use Agreements are recorded and are dealt with accordingly
- The school community will be updated on a regular basis through newsletters, fact sheets, special events and the school website
- eSmart learning is included in our Curriculum and Scope and Sequence, which is implemented from Foundation to Year 6 and supported in classroom by the ICT Leader.

**Members of Staff at Corpus Christi School have the responsibility to ensure that:**

- They are familiar with eSmart approaches and understand the philosophies of the eSmart program, necessary for teaching digital literacy
- They are aware of cyber bullying and able to identify and look for signs of occurrence amongst students

Adopted in December 2016; due for review Dec2017
● Students are aware that any form of cyber bullying is prohibited at Corpus Christi School

● Students are aware of the consequences of cyber bullying (Acceptable Use Agreement)

● All cases of cyber bullying are reported to the ICT Leader/Principal/Deputy Principal/Wellbeing leader and responded to promptly

● There is effective supervision of digital technology usage in Learning Spaces and the school to monitor and deter cyber bullying.

**Students at Corpus Christi School have the responsibility to ensure that:**

● Corpus Christi School values are demonstrated when using digital technologies

● Only approved digital technologies are used in accordance with the signed Responsible Use Agreement and in line with the school curriculum program

● They do not breach the privacy of students, staff and members of the school community through any unauthorised publishing of photography, video, or defamatory comments on social media or networking sites and applications

● All incidents of cyber bullying are reported to a member of staff

● They take steps to protect their own (and others) privacy and personally identifiable information.

**Parents at Corpus Christi School have the responsibility to ensure that they:**

● Are familiar with the school’s Responsible Use Agreement so they can support their child to adhere to the expectations set out in the document

● Report any incident of cyber bullying or unsafe cyber behaviour that they become aware of, to the school as soon as possible

● Respect the privacy of students, staff and members of the school community through only authorised uploading, recording or filming.

**Incidents and Complaints**

● Any form of bullying, whether physical, verbal or cyber, is unacceptable

● All incidents of Cyberbullying must be reported to a staff member

● Incidents will be investigated and recorded in a register maintained at the school

● All teachers have a responsibility to respond to, investigate, follow up and monitor incidents of cyber bullying

● Any parent who believes that their child is being cyberbullied should contact the school.

● Parents will be notified if students are involved in any incidents of cyber bullying and appropriate and proportional consequences will be followed.

**Evaluation**

This policy was developed in 2016 will be subject to an annual review every December.

Adopted in December 2016; due for review Dec2017
